A Distinguished Escort.

By Cable and Associated Press.]
DUBLIN, Sept. 25.—Patrick O'Brien,
who was arrested at Cardiff on Tues-
day, was brought to this city yester-
day and placed in prison. The police
refused to give any information as to
when he would be taken to Tipperary
for a hearing, but last night the
Nationalists learned he would be con-
veyed thither by a morning train to-
day, when they at once made prepara-
tions to give him a worthy escort.

Much to the surprise of the author-
ities, a large delegation of prominent
Nationalists boarded the train at the
same time that the officers appeared
with O'Brien. Among these were
John Morley, who has been in Ire-
land for some time studying the Irish
question; John Dillon, Alfred Illing-
worth, Member of Parliament for
Bradford, T. M. Healy, Harrington
and several others.

On the arrival of the train at Tip-
perary the Nationalists started for
the Courthouse in a body. They had
not gone far when they stopped at a
street corner, and they were ordered
by the police to move on. John
O'Connor, a member of Parliament,
took a vigorous exception to this
order, and called on the crowd to give
three cheers for John Morley. The
cheers were given with a good will,
much to the exasperation of the
police, who thereupon charged upon
the group and attempted to force it
to move forward. It met the
policemen did not hesitate to use
their batons. The Nationalists con-
tinued their way slowly toward the
Courthouse.

As this was the day fixed for the
trial of the arrested Nationalists, the
streets were full of people interested
in the case. The Nationalists had
thronged the town from all adjacent
parts. Early in the day it became
known that still another arrest had
been made. The victim this time
was Thomas J. Condon, the Member
of Parliament for Tipperary East.
He was taken this morning at Lime-
rick, and was also brought to Tip-
perary.

When the hour for the sitting of
the Court arrived an immense crowd
had collected before the Courthouse,
ready to rush in the moment the
doors were thrown open.
The crowd pressed forward, trying
to force their way into the court
house. The police stoutly resisted,
charging on them repeatedly. For
fully five minutes there was a stand-
off fight between the now excited
throng and the police. At last, how-
ever, the crowd was gradually forced
back, and the police succeeded in
maintaining a clear space in front of
the court house.

During the conflict many persons
were wounded by blows from the po-
licemen's bludgeons. Among them
were Timothy Harrington, who made
his way into the court room with his
hair and collar saturated with blood.
His appearance created a sensation
and lent additional emphasis to the
complaint which William O'Brien

was making to the Court of the bru-
tality of the police.

At first O'Brien had refused to en-
ter the room unless the public were
admitted, but at last he decided he
could accomplish more by appealing
to the Court. He entered the room
and bitterly denounced the clubbing
of the crowd.

Then John Morley arose and ap-
pealed to the Court to protect the
populace against the wanton use of
the club by the police.

Meanwhile the Nationalist leaders
continued to protest against the ex-
clusion of the general public, and the
magistrate finally ordered the doors
opened.

The room was at once filled to its
utmost capacity. All proceedings
were followed with intense interest.

Congressional Matters.
By Associated Press.]

WASHINGTON, Sept. 25.—The House
this morning proceeded to the con-
sideration of the conference report on
forfeiture land bill.

SENATE.

Plumb reported a Senate joint re-
solution authorizing the extension for
one year, of the time of payment for
land on preemption or homestead
claims whenever, by reason of the
failure of crops, the settlers were un-
able to make payment within the
time prescribed by law. Passed. The
calendar was then taken up, the first
bill being the House bill, to prevent
the products of convict labor from
being furnished to or for the use in
any department of the government,
or used upon public buildings or other
public works. Passed over, and the
next bill was taken up; which was
the House bill to amend the contract
labor law.

This morning the Democratic mem-
bers of the Committee of Conference
on the Tariff bill joined their Repub-
lican associates and began the exam-
ination of the amendments agreed
upon by the Republicans.

The situation at 12:30 o'clock was
unchanged. No agreement had been
reached respecting sugar and binding
twine, though the committee hope to
reach an agreement in time to report
the bill to-morrow.

Congressmen not connected with
the committee say they understand
the conferees have decided to make
No. 16 the dividing line between free
and dutiable sugars; the lowest duties
on the higher grades to be six-tenths
of a cent per pound, and a duty of
one cent per pound be imposed upon
binder twine. This cannot be con-
firmed by the statements of the con-
ferees, yet it may be correct.

More Mormon Leechery.
By Associated Press.]

NEW YORK, Sept. 25.—On Septem-
ber 16th U. S. Consul Pope of Tor-
onto, Canada, wrote Superintendent
of Immigration Weber of this city
that he had been informed that the
steamship Wisconsin had on board a
lot of Mormon Elders, bringing over
many men, women and girls who
were understood to be used for im-
moral purposes. Col. Weber for-
warded the letter to Senator Ed-
monds with the request that he give
an opinion in the premises. The
Senator's reply was received to-day
from Burlington, Vermont, and is as
follows:

"I have not the statute at hand
here to examine and so I cannot ex-
press an opinion about the matter.
I suggest that your officers consult
the U. S. District Attorney on the
subject. I would also advise the Gov-
ernor of Utah of any such arrivals
that go forward to that Territory,
with their names and descriptions,
so he and the District Attorney may
keep watch and catch the polyga-
mists if possible."

THE FOURTH DAY.

**A Big Crowd and a Good Day at
the Track. The Stock Parade—
Breeders Riding.**

In the seven-eighths running race
yesterday, between Hotspur, Ap-
plause, Jackson, Leah and Belle Shan-
non, the pools sold for \$33 for Ap-
plause to \$72 for Leah, and \$10 and \$12
for the field and the short ender made
a winning, for both favorites were
badly left by Hotspur, and the gam-
blers fell heavily. The race created a
good deal of excitement, and the
money just rolled into the box on Ap-
plause and Leah, for it was whispered
that one of the other wassure to win,
and when Hotspur won, mutterings of
a put-up job were heard on every hand,
and the judges reserved their decision
until the facts could be laid before
the Board of Directors last evening.
The Board decided that Hotspur won
the race, but they ruled both Hot-
spur and Applause off the track for 30
days. The first thing on the pro-
gram this morning was the stock
parade, followed by breeders riding.

Tom Johnson lead the procession
with his thoroughbred racer, Joe
Jackson, followed by Lem Allen's Kit
Carson. T. G. Herman's beautiful
Cleveland Bay stallion Commemora-
tion came next, followed by a family
of three. M. Gulling was in line with
his Cleveland Bay, Philanthropy, and
Wm. Wright with his Englishshire
Merrifield King. John Sparks with
his beautiful grey Percheron, the win-
ner of the sweepstakes last year,
came next, followed by R. Evans'
stallion and a two-year-old stallion
belonging to S. Ede. Henry Stevens
was showing his Bellefounder and
W. O. Hardin his Morgan Clyde. A
long string of brood mares and colts
were in line and proved that the sil-
ver State is not behind the times in
producing good horses.

J. N. Evans led the cattle with two
shorthorn Durhams, followed by
Orville Sessions with four head of fine
Holsteins and one Durham. M. Gul-
ling took pride in showing his herd
of Holsteins. Seymour Bryant
showed four head of Durhams and
one Galloway that will compare fa-
vorably with any in the land. J.
Gault, with his herd of little Jerseys,
attracted much attention. The cat-
tle were followed by several carriage
teams, roadsters and draft horses.
Taking the parade as a whole, it was
a decided success.

THE BRONCO RIDING.

The judges were John Bradley, R.
C. Hol and T. G. Herman. Ed.
Laird was the first to mount a little
cayuse that did good jumping. Chas.
Roberts mounted an unbroken bronco
and maintained his reputation as a
rider. The next horse saddled was
an iron grey, an outlaw from Billy
Harrison's range. Charley very put
himself on the grey, but he was so
long in getting ready that it began to
be whispered about that his "sand"
was running down, and so it proved to
be, for he complained of being sick
and pulled his saddle off. Jim Kazor,
foreman for Gerhart & Fisk volun-
teered to mount the grey, which he
proceeded to do. He proved to be a
fine rider, and raked the mustang
from shoulder to hip in the most ap-
proved style, while the horse plunged
and "bucked" like a good fellow.
Jim won much applause and carried
off the honor.

In the unfinished trot of yesterday
Vidette won the heat in 2:29 3/4 and
Flora G. at her throat latch, and
Rube third, this gave the two
mares two heats each, and the con-
cluding heat was won by Vidette
with Flora G. second, and Rube third;
time, 2:32 3/4.

The first race on to-day's program
was the running of five-igs his dash
between Princess, Ferguson, Sunday
and Peregrine. Sunday was the fa-
vorite in the pool selling for 15 against
7 for Ferguson, and 6 for the field.
Judge Chamberlain acted as starter,
and called to the judge's stand N. H.
A. Mason, John Bradley and George
Baker. Sunday won the dash in a
gallop, with Ferguson, and Princess
third. Time, 1:03.

In the quarter mile and repeat race
between Nettie S., Hawthorne, You
Bet and Sam Flack, pools sold \$20 on
Nettie to \$6 on the field. The first heat
was won by Nettie. You Bet second,
Sam Flack third, Hawthorne fourth.

TO-MORROW'S PROGRAM.

To-morrow Ed. Laird will ride the
grey bareback. An interesting pro-
gram has been made, and some fine
speed contests will be had.

Saturday Ed. Laird will ride two
wild steers, and will undoubtedly at-
tract a great crowd.

Keene as Richelieu.

On Saturday evening next Thomas
Keene and his excellent company
will appear at the Opera House in
his great characterization of Pulver's
"Richelieu." His portrayal of this
part has been constructed in a vast
mould, presenting him and them
artistic touches that cannot come by
inheritance, but must be the inspira-
tion of one's genius. It is no small
compliment to the culture and intel-
ligence of Reno that Mr. Keene will
appear here, and it is to be hoped
that the good opinion in which our
city is held by Mr. Keene and his
manager will be maintained by a
crowded house.

An Insolvent Society.

Napa, Cal., has been rudely dis-
turbed by the news that the order of
the Royal Argoes, a popular endow-
ment insurance lodge, will dissolve.
The membership in that city is 400,
many of whom are poor people who
have mortgaged their homes to raise
the money wherewith to pay assess-
ments in this and similar orders.
There is a possibility that investors
will get 70 cents on every dollar that
they paid in.

PITTSBURG, Sept. 25.—Financial cir-
cles are uneasy over the rumored
embarrassment of the Iron City Bridge
Works. The Commercial Gazette
says: Attachment to the amount of
\$183,000 against the owner of the Iron
City Bridge Works was served upon
the Howard Plate Glass Company by
representative Oliver of the Iron and
Steel Company. The Iron City Bridge
Company built a large iron structure
for the glass company, and there is
still a balance due on the contract,
and upon this the attachment was
laid. Parties in the interest of the

To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, but gently, when cough or bilious, or when the blood is impure or sluggish to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

A Ripe Old Age.

S. H. Holcomb and wife, of Belcher, Texas, have celebrated their fifty-fifth wedding anniversary and are still hale and hearty. The secret of their long life and good health is that they correct any slight ailment promptly, and in that way avoid serious sickness. Like most every one else, they are more frequently troubled with constipation than any other physical disorder. To correct this they take S. P. A. pills in preference of any other, because, as Mr. Holcomb says, "They are a mild pill and, besides, keep the whole system in good order. We prize them very highly." Our Little Worries and Ills.

It is the little things of life, the worries of to-day and to-morrow, that makes the crow's feet around our eyes. So the little pains of an hour or a minute break down the constitution. Look after the little ills. Breadth's pills cure dyspepsia or indigestion, headache, pain in the shoulders, cough, tightness of the chest, dizziness, sour stomach, bad taste in the mouth, bilious attacks, palpitation of the heart, inflammation of the lungs. Pain in the region of the kidneys, and a hundred other painful symptoms are the offspring of dyspepsia. One or two pills every night is sufficient.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles found herself sound and well, now does her own housework and is as well as ever—free from troubles of the Great Discovery at W. P. Pinner's Drug Store, large bottles 50c. and 10c.

There may be persons in this community who are at times troubled with colic, or subject to attacks of bowel complaint. If so, they should try Chamberlain's Colic Cholera and Diarrhoea Remedy. It will afford almost instantaneous relief, and when combined with water is pleasant to take. If taken as soon as the first indications of the disease are felt it will ward off the attack. Many people use it in this way, and find that it never fails them. A 25 or 50 cent bottle may be obtained from Shoemaker and Co.

Spring Fever.

At this season of the year the most vigorous and healthy people often have a feeling of weariness tired and worn out, without ambition to do anything, and many break out in pimples and blotches. What you require is a mild tonic medicine that will act gently on the liver and blood, and for this, nothing equals Dr. Cass's Improved Liver Pills. They give an activity to the liver, purify the blood and give strength to the entire system. Sold at 35 cents a box by E. J. Hodgkinson.

A Sure Cure For Piles.

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as swollen, bleeding and protruding, yield at once to Dr. Ross's Pile Remedy, which acts directly on the parts affected, absorbs all mucus, always itching and sore, and restores the entire system. Sold at 35 cents a box by E. J. Hodgkinson.

OUR LATE GOVERNOR.

Resolutions by the State Officers.

At a meeting of the State officers last Tuesday evening the following preamble and resolutions were adopted:

WHEREAS, The Hon. Charles Clark Stevenson, Governor of the State of Nevada, having departed this life on the 21st day of September, the officers of the State Government and the Justices of the Supreme Court have met in the Governor's office at the State Capitol for the purpose of testifying their appreciation of his life and character. It is therefore

Resolved, That we deplore the death of Governor Stevenson. As the Chief Magistrate of the State he enjoyed the respect and confidence of the people. He was honest of heart and pure in purpose, and devoted his efforts to the conscientious performance of the duties of his high office, and the advancement of the interests of the State.

His official intercourse with his associate officers was characterized by kindness and pleasantness, and he received their suggestions and advice upon public matters with patience and consideration, always anxious to ascertain his duty and striving faithfully to perform it.

His fellow officers have lost a faithful friend and adviser, and the State has sustained the loss of an upright citizen and an honest and honorable Governor.

OUR DEAD EXECUTIVE

Is Escorted to California by State Officers and His Staff.

Last evening's V. & T. express brought all that remains of our late Chief Executive, on the way to Oakland, California, for interment. The body was accompanied by State Treasurer Richard, Supreme Court Judge Belknap, State Printer Harlow and Secretary of State Dornier, and Dr. S. L. Lee, Frank McCullough, Mr. Thomas, M. D. Foley and R. S. Osburn, members of the late Governor's personal staff, all of whom, with one or two exceptions, accompanied the remains to tide water. On the arrival of the train here, the remains were received by Brigadier General C. W. Bonton and staff, the Reno Guards and Hastings' Cornet Band, the Guards acting as a guard of honor until the arrival of the overland express, which was about an hour late. At Sacramento the funeral train was met by the California State officers, and at Oakland it was met by six companies of the California State Militia, who took charge of the body.

Esmeralda County Ticket.

The Republicans of Esmeralda county have put forth the following ticket:

For State Senator, John Forbes. Assemblymen, T. J. Harrington of Candelaria and Dr. Reed of Hawthorne. Assessor, I. Quinn. Treasurer, R. H. Wright. Recorder, J. C. Atchison. Clerk, J. Ledy. Sheriff, Sam Wasson. District Attorney, P. M. Bolter. Commissioners, W. Wilson of Pine Grove and S. McNetts of Fish Lake. The ticket is regarded as a good one.

A Lamp Explosion.

An alarm of fire was sounded last evening about 7:30, caused by the explosion of a lamp in the hands of Mrs. Needham in her lodging house in the Steele building on Commercial Row. Mrs. Needham succeeded in putting the fire out without the aid of the firemen, but not until she was badly burned on the face and hands. Her burns are very painful, but not serious.

Made to Close.

A "soap" peddler was made to close business night before last by a kick from the people, notwithstanding he had a county license. It is quite incomprehensible how such sure-thing adventurers manage to get a license, but like the bed-bug, "they get there all the same."

Long May It Wave.

Co. C. N. G., have bought a flag, for which they were collecting money a few days ago and accepted as a gift from the citizens. Geo. W. Baker formally presented it to the company last night.

Will Unconquer.

Mrs. C. V. Noteware, who was so badly injured by a runaway horse a few days ago, at Carson, still remains in a semiconscious state.

Fine Watches, Rich Jewelry, and Diamonds, at Richard Herz's Jewelry Store.

Visitors attending the Nevada State Fair will do well to examine R. Herz's elegant stock of watches, precious stones and jewelry. His stock is the choicest and largest in Nevada, and he can conscientiously claim that his prices can not be duplicated. For time-watch repairing and diamond setting he is known to be best. All work left in his care will be done on shortest notice and without delay.

Bankrupt Sale of Dry Goods.

At the old stand of E. C. Northrop, commencing Tuesday, Sept. 23d, 1890, and to continue until the entire stock of goods is disposed of. Every article will be marked down to half the actual cost, and must be sold at once. Come early and secure the best bargains. The business will be conducted under the management of my son, M. S. Lowell. Respectfully, Mrs. R. M. LOWELL.

IN MEMORIAM.

GOV. C. C. STEVENSON. DEED SEPT. 21, 1890.

At rest, at rest life's labor o'er.
The busy hours of his life
While safe upon the other shore
The opening eyes find brighter day.
Life's three-score years and ten, to him,
Were not by labor's toils given;
As from the tree's strong trunk, the limb,
So he, from earth, was harnessed given.
No longer moved by hopes and fears,
His mind, once active, rests today.
Unmolested by fond wife's anguished tears,
His heart, once loving, now is clay.
No longer sick in his friend's
Though true once, no longer true—
All earthly friendships here have ended;
One end alike for you and me.
For him to-day our banner droops
Its clinging folds from mast and spire,
Till, again by breezes here have ended,
As beaming hope to Heaven aspire.
Oh! toll the bells, so soft and low,
That all who hear may sadly say:
"When we are here, thus to and fro,
They tell of good men passed away."
Thou passed from earth, to world above,
Of which our knowledge is but dim,
We feel, Oh! thank thee heavily love,
That all is well at last with him.
MARY S. DOTEN.

BREVITIES.

Local and General Intelligence.

Before buying a watch examine R. Herz' large stock. It will save you many dollars.

A shipment of 7,000 cases of canned peaches from San Jose direct to London yesterday required twenty cars.

People who arrived from Carson this morning reported Mrs. Noteware as resting easily, but still unconscious.

Hyman Fredrick's new stock of watches and jewelry attracts the notice of people from all parts of the country.

Thomas Bryan, employed in the terra cotta works at Vallejo, had his left hand torn off almost entirely Tuesday by the machinery.

Maurice May of Verdi, whose health is rapidly failing from quick consumption, was taken to the County Hospital to-day as a private patient.

A colony of Nationalists, with forty members had been formed at Highlands, San Bernardino county, Cal. Their individual bank accounts are worth \$200,000.

Mrs. John Govan of Sequim, Wash., killed herself last Tuesday. Her son was killed by Indians two years ago, and her mental faculties had gradually grown weak.

The Napa Register says the grape-growers of that county are feeling blue over the rotting of their crops. The weather was too foggy and cool for the grapes to mature.

Some time ago the four-year-old son of Sherman Yager of San Bernardino, Cal., swallowed a needle, and the other day the needle came out of the calf of the boy's leg.

The confidence of people who have tried Hood's Sarsaparilla, in this preparation, is remarkable. It has cured many who have failed to derive any good whatever from other articles. For diseases caused by impure blood or low state of the system it is unsurpassed.

The San Francisco Music Critic says: "Jumbo," the St. Bernard dog used in the production of "Black Hawks" at Morosco's, is without doubt the largest canine ever seen in this city. He is a remarkably intelligent animal and is prompt in obeying the commands of his master, "Arizona Joe."

A San Francisco paper recently said: The "Arizona Joe" Company will present "The Wild Violet" next week, and judging by their great success this week, it is safe to predict that the second week of their engagement will be even more prosperous.

The plot is laid on life in the Western frontier and is made up of several sensational scenes and strong climaxes.

FIRE AT WINNEMUCA.

Wise's Reduction Works Entirely Destroyed.

The Silver State of the 24th inst. says: The Humboldt Reduction Works were burned to the ground at an early hour this morning and nothing remains to mark their site but a pile of smoking ruins. The alarm was turned in at 2:30 a. m., when the whole town was aroused by the mill and yard engine whistles and the clanging of the fire bell.

The assay office, a short distance from the mill, soon caught fire, and within three-quarters of an hour from the time the fire was first discovered both buildings were burned to the ground.

The fire is supposed to have originated in some manner from a spark from the roasting furnace. Superintendent John Rose made the rounds of the mill about ten minutes before the discovery of the fire, when everything was running all right, and he had just stepped across to the assay office when he noticed the flames breaking through the building. The mill was an old structure and as dry as tinder, and the flames spread so rapidly that nothing could be saved. A bout \$5,000 worth of quicksilver, ore, etc., was destroyed.

The mill was owned by Alex. Wise, of this place, to whom the loss is very severe. It had idled for a number of years, until last spring, when it was started up on ore from the Winnemucca mine, and its loss is a calamity to the town as well as its owner, in consequence of the number of men thrown out of employment. It was valued at about \$25,000, and was insured for \$10,000.

Butcher Shops to Close.

On Friday, the 26th, all the butchers of Reno have agreed to close their shops for the day at 9:30 a. m.

The Effects of Mental Exhaustion.

Many diseases, especially those of the nervous system, are the product of daily renewed mental exhaustion. Business affairs often involve an amount of mental wear and tare very prejudicial to physical health, and the profession, if ardently pursued, are no less so. The most important attributes of the stomach (Stomach Bitters), that it compensates for this undue loss of tissue, and that it imparts new energy to the brain and nerves. The remedy with which it restores exhausted mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides increasing vital stimuli, and counteracting the effects of mental exhaustion, this potent medicine cures and prevents liver and stomach troubles, chronic dyspepsia and constipation, kidney and urinary weakness and other complaints. Physicians also recommend it as a medicinal stimulant and remedy.

A ST. LOUIS PHYSICIAN.

He Tests a California Production.—His Report.

A St. Louis gentleman whose affliction was sick headaches was so surprised at their cure by Joy's Vegetable Sarsaparilla, that he called to the attention of a relative, who happened to be Dr. F. A. Barrett, the well-known St. Louis physician of 2622 Shenandoah Street. The doctor saw at once that it differed from the potato preparations in that it was purely vegetable, and becoming interested, began a series of investigations, and in a subsequent letter candidly admitted its curative properties, and says:

Wishing to test its virtues further, I used it in my own family, and prescribed it for patients who required a general system regulator. As a result, I can say it is an almost absolute cure for constipation, biliousness, dyspepsia, indigestion, and sick headaches. These troubles usually come from a disturbed condition of the stomach and bowels, and Joy's Vegetable Sarsaparilla is the best laxative and stomach regulator I have ever seen, and as a general system corrector is almost perfect.

The Great Spring Medicine—The Blood is the Life.

OSTENTATIOUS: I have been troubled with bad blood for some years, but recently purchased two bottles of Hibbard's Rheumatic Syrup, which has entirely cured me. As a blood purifier it has no equal, and I also take pleasure in recommending it as a tonic alternative, and reliable rheumatic remedy.

Very truly yours, S. E. FERGUSON, Esq., Rapid, Mich.

This is to certify that we know Mr. Ferguson, and believe the statement made by him to be true. We unhesitatingly recommend this remedy as we believe it to be the greatest family medicine on our shelves.

"Take off your ring, Myra, we can't use that for the ceremony," said the priest who carried out the Church of England ritual to the letter.

Alas, I held up my gloveless hands destitute of rings as those of the bride herself.

What was to be done? The dean would not have considered those good people properly married if the ceremony of the ring were omitted. He glanced down at his own white hands, holding the sacred book, then he turned hurriedly to me:

"Go and bring me the key of the church," he said.

"What in the world is he going to do with it?" I queried to myself, aghast.
